VERSES 1a & 1b

It isn't easy leaving for work before sunrise
And comin' home after the sun has gone down
But there's one little thing that keeps me going;
One little thing that keeps my feet on the ground

When I started out, the world was my oyster
I was happy running wild and living alone
Then unexpectedly I found my little pearl
And she's the reason that this house is now a home

CHORUS

**She's my little lady and I know that she loves me
She's my little lady; my number one little fan
She's my little lady I couldn't ask for anything more
And she makes me wanna be a better man**

VERSE 2

When I step outside my shirts are perfect
My trousers pressed and my lunch is made with love
I can smell my dinner cooking when I walk back through the door
And I know that I've been blessed from above

CHORUS

**She's my little lady and I know that she loves me
She's my little lady; my number one little fan
She's my little lady I couldn't ask for anything more
And she makes me wanna be a better man**

BRIDGE

*My little lady is walking femininity
More equal than any feminist could ever be
We both know who wears the pants in our little tepee
And when she wants my opinion ... she gives it to me!*

Verse 3

When I start watching football on the weekend
She'll bring me a Jack Daniel's in a glass
Then she starts to clean the house in her stockings and high heels
And I just can't keep my eyes off ...

CHORUS

**... My little lady and I know that she loves me
She's my little lady; my number one little fan
She's my little lady I couldn't ask for anything more
And she makes me wanna be a better man**

**You're my little lady ... and
Honey, you make me wanna be a better man**
